

Have you waited more than four months for a hip replacement?

Has the wait impacted your health, wellbeing, or daily living?

We're using healthcare data to understand how long waits for hip replacements are impacting the health and wellbeing of patients in North West London.

We want to hear about your experiences of waiting and check if these align with what we're seeing in the data. We'll pay you £25 as a thank you for your time.

If you're interested in having a 1-hour chat with us about your experiences, please visit www.tinyurl.com/wait-hip to apply by **Monday 16 December**.

Please contact Jodie with any questions.
