

An event made for people living with pain

You are invited to join Flippin' Pain's free and fascinating webinar!

We will explore how pain works and what you can do to ease persistent pain. You'll also be able to ask your questions to an expert panel, which includes healthcare professionals and people personally affected by persistent pain.

Understanding how pain works could be the first step on the way to recovery. We can't wait to see you there!

Join us Wednesday 7 October, 6 to 7:30pm.
